Game Title - Daniel in the Lion's Den

Developed by P & I Educational Solutions - www.pandiedu.com

Game Objective -

To guide Daniel through the lions' dens safely.

The Game Description -

Use the arrow keys to control the Angel, which guides (pushes) Daniel. With the Angel, you can use the spacebar for God's power. The angel is also used to overcome obstacles and solve puzzles in the den. Once the Angel guides Daniel to the flag in each den, Daniel can move to the next Den. There are six (6) dens in all to clear before winning the game. In this game, you are God's Angel.

If the lions get to Daniel, he will start losing his life. The four (4) power gems: Faith, Hope, Love, and Truth will give Daniel back his life.

Vocabulary words in the den are to be pushed to their correct definitions or you will not be able to get to the flag.

Game Objects -
